Here's a two-bedroom cabin with a Northwoods feel. Inside you'll find an open concept living, dining, and kitchen area, a loft, & pellet stove. From the large windows you look into the forest to watch the many birds and deer. The property is wooded and has a small stream and lots of wildlife. Thousands of acres of Vilas County Forest within short walking distance (less than 1/4 mile away). The road in front is on the bike route from Eagle River to Land of Lakes. Boot Lake and Hunter Lake landings are both within a mile. The snowmobile trail access is several miles to the north. The immediate area abounds with recreation opportunities and great public hunting can be found in the McCleod Lake area 2 miles west of the property. Need to go to town? You are just 5 minutes to Eagle River and 10 minutes to Conover.
